EUROPEAN PLANT SCIENCE

LETTER OF SUPPORT

Sofia municipality supports the Holiday Heroes charity campaign 2012 that is organised on a Balkan Plant Science initiative.

The campaign attracts the attention of both the business and many volunteers, personally involving them into the process of packing and bringing a gift to the homes of 300 Bulgarian families. With this initiative, the people in need will have the opportunity to celebrate Christmas with positivity and pleasant, unforgettable emotions.

I can assure you that you can expect our fullest support, understanding and readiness, from both me and the municipality, for any future social initiatives.

I believe that the example you've set will find more and more followers and that the charity cause will manage to attract more people and make them open-up their hearts for the good around us!

ALBENA ATANASSOVA,  
SOFIA MUNICIPALITY, DEPUTY MAYOR
